

Dhanalakshmi Mills & Trading Pte Ltd

An Authentic Blend of Spices

Our Story

Our story began in 1989 when our founders, Mr & Mrs Murugesh SK, established City Spice Mills & Trading with a vision of providing premium quality international spices to the local market. The brand "Spice Lady" was created and quickly became a household name.

With the company's steady growth, we became aware of the need for a name that better reflected our commitment, values, and target market aspirations. As such, in 2003, we renamed ourselves to Dhanalakshmi Mills & Trading, introducing a more distinguished brand, **DHANAS**

From humble beginnings, we have risen in the spices industry here in Singapore to become a trusted source of premium ingredients for gourmet spices. Our goal is to further extent our success worldwide - all while preserving our commitment towards providing superior quality products at an affordable price and taking part in sustainable initiatives for better engagement with the community around us.
